

VOTE ABSENTEE VIRGINIA PRIVACY POLICY

OVERVIEW

Vote Absentee Virginia (“We”) operates the eAbsentee.org website (“Site”). We are committed to ensuring that your personal information is protected and kept confidential. By using the Site, you consent to the use and disclosure of certain personally identifiable information as outlined in this Privacy Policy

SECURITY OF PERSONAL INFORMATION

We have implemented a variety of commercially standard encryption and security technologies and procedures to protect your personal information from unauthorized access. We also maintain standard physical and electronic procedural safeguards that limit access to your information by third-parties.

COLLECTION AND USE OF PERSONAL INFORMATION

To the registrar of the county or city in Virginia to which you apply for an absentee ballot, we transmit all information you provide.

For our own records, we maintain all information you provide except the last four digits of your Social Security number (SSN) which are deleted by the end of the day you submitted them. We are unable to recover deleted information.

If you clicked a link to the Site from a third-party, such as a political campaign, we may transmit to it your name, contact information, and application date. We will not transmit your last four digits of your SSN. Upon your request, we will provide you information about the linking third-party.

We will delete your personal information from our records upon your request.

We maintain web logs to record data about all visitors who use the Site. These logs may contain IP address information, the date and time you visited the site, and information about the type of device you use to connect to the Site. All web logs are securely encrypted and are accessible to less than five individuals who must adhere to guidelines regarding user data security and privacy.

An upgrade is planned that will prompt a voter to confirm their choice-of-locality if it appears inaccurate. To do that, the address only will be sent to a third-party geocoding service. No other identifying information will be sent.

NON-PERSONAL IDENTIFICATION/COOKIES TECHNOLOGY

We use cookie technology in the aggregate as opposed to using any personally identifiable information to understand how our users collectively use our Site. This helps us continually improve our services. Most web browsers are set to accept cookies, but if you prefer not to receive cookies, you can set your browser to warn you or refuse cookies .

ADDITIONAL THIRD PARTIES

Our Site may contain links to other websites maintained by third parties. We do not share your personally identifiable information with those websites.

We disclose personally identifiable information about you as required or permitted by law, including complying with legal process (for example, we may disclose your information as necessary to comply with an authorized civil, criminal or regulatory investigation). We fully cooperate with law enforcement agencies in identifying those who use our services for illegal activities and may, in our sole discretion, disclose personal information to satisfy any law, regulation, subpoena, or government request. We reserve the right to release personal information or other information about users whom we believe are engaged in illegal activities, even without a subpoena, warrant or court order, if we believe, in our sole discretion, that such disclosure is necessary or appropriate to operate our Site or to protect our rights or property, or that of our officers, directors, or employees. We also reserve the right to report to law enforcement agencies any activities we reasonably believe in our sole discretion to be unlawful. If we are legally compelled to disclose information about you to a third party, we will attempt to notify you by sending an email to the email address in our records unless doing so would violate the law or unless you have not provided your email address to us.

CHANGES TO THIS PRIVACY POLICY

We may amend our Privacy Policy in the future. In the event changes are made, we will post changes at the Site.

QUESTIONS OR SUGGESTIONS

If you have any questions or suggestions to improve our Privacy Policy with respect to personal information, please email us at applications@eabsentee.org
